JUWO FACTSHEET: FINDING AN APARTMENT

YOUR GUIDE TO A JUWO-APARTMENT

1. REGISTRATION

You are now registered with JUWO. Our waiting list is long (Ø 2,000 people). It may take several months before a suitable offer comes along. JUWO's offers depend on the availability of apartments and therefore vary significantly.

2. ACCOMMODATION OFFERS

When a suitable apartment becomes available, you will receive an offer by e-mail. The faster you respond to the e-mail, the higher are your chances of attending the viewing, as places are limited. Vacant apartments are NOT advertised publicly!

3. VIEWING

The viewing usually takes place online via Teams, but sometimes on site as well. This information can be found in the accommodation offer. At least one member of the flat-share must be present. The date is fixed and cannot be rescheduled. All information regarding the next steps will be provided during the viewing.

4. SELECTION BY JUWO

JUWO selects its tenants with the help of a database. In case JUWO selects your flat-share as the new tenants, you will be contacted directly with further information, the rental agreement and the date for the key handover. In case of rejection, the flat-share will be notified by e-mail.
